The Honorable Jacqui Irwin
California State Assembly
1021 O Street, Suite 6220
Sacramento, CA 95814

Dear Assemblymember Irwin:

On behalf of Chamber of Progress, a tech industry association supporting public policies to build a more inclusive country in which all people benefit from technological leaps, **we write to remove our opposition to AB 2013.**

While we remain concerned that certain provisions could jeopardize sensitive business practices for AI developers, we acknowledge and appreciate the amendments that have been adopted in good faith. In particular, section a(9) has been amended to clarify that developers need only state whether data were cleaned, processed or otherwise modified, a strong improvement.

For these reasons, we are neutral on **AB 2013.**

Sincerely,

Robert Singleton
Director of Policy and Public Affairs, California and US West
